ADP (AUTOMATIC DATA PROCESSING)  
Miami, Florida  
www.adp.com  
About ADP: We power organizations with insightful solutions that drive business success. Consistently named one of the “Most Admired Companies” by Fortune magazine, and recognized by Forbes as one of “The World’s Most Innovative Companies,” ADP has over a half-million clients around the globe and 60+ years of experience as a worldwide leader of business outsourcing solutions.

AIR FORCE RESEARCH LABORATORY  
Dayton, Ohio  
www.teamafrl.com  
The Air Force Research Laboratory (AFRL) is the Air Force’s only organization wholly dedicated to leading the discovery, development, and integration of warfighting technologies for our air, space and cyberspace forces. We trace our roots to the vision of airpower pioneers who understood science as the key to air supremacy.

ALCOA  
Pittsburgh, Pennsylvania  
www.alcoa.com  
Alcoa is a global leader in lightweight metals technology, engineering and manufacturing. Alcoa innovates multi-material solutions that advance our world. Our technologies enhance transportation, from automotive and commercial transport to air and space travel, and improve industrial and consumer electronics products.

ALLEGIANTE AIRLINES  
Las Vegas, Nevada  
www.allegiantair.com  
From America’s favorite small cities to world-class destinations, Allegiant makes leisure travel affordable and convenient. With low-low fares, nonstop, all-jet service and premier travel partners, Allegiant provides a complete travel experience with great value and without all the hassle.

AMAZON LAB126  
Sunnyvale, California  
www.lab126.com  
Amazon Lab126 is an inventive research and development company that designs and engineers high-profile consumer electronic devices like the Kindle family of products. Lab126 began in 2004 as a subsidiary of Amazon.com. Since then, we have worked to produce hardware and software for best-selling devices, including Fire HDX, Kindle Voyage, Amazon Fire TV, and the Amazon Echo.

AMGEN  
(See Ad on Back Cover)  
Thousand Oaks, California  
www.amgen.com  
Amgen is committed to unlocking the potential of biology for patients suffering from serious illnesses by discovering, developing, manufacturing and delivering innovative human therapeutics. A biotechnology pioneer since 1980, Amgen has reached millions of patients around the world and is developing a pipeline of medicines with breakaway potential.

ANDREESSEN HOROWITZ  
Menlo Park, California  
www.a16z.com  
Andreesen Horowitz is a Silicon Valley-based venture capital firm with $4.2 billion under management. The firm invests in entrepreneurs building companies at every stage—from seed to growth. Our goal is to connect top technical talent to opportunities within our portfolio of startups!

APPLE  
Cupertino, California  
Apple designs Macs, the best personal computers in the world, along with OS X, iLife, iWork and professional software. Apple leads the digital music revolution with its iPods and iTunes online store. Apple has reinvented the mobile phone with its revolutionary iPhone and App Store, and is defining the future of mobile media and computing devices with iPad.
**APPLIED MINDS**  
Burbank, California  
http://appliedminds.com  
Applied Minds is a small company that invents, designs and prototypes breakthrough products and services for both industry and government. We are an interdisciplinary group of artists, scientists and engineers, with skills in architecture, electronics, mechanics, physics, mathematics, software development, system engineering, and storytelling.

**APPTUS**  
San Mateo, California  
www.apptus.com  
Apttus is one of the fastest growing Silicon Valley technology companies. Apttus connects quotes, contracts, revenue and customer data on the world’s most trusted platform, Salesforce1, and transforms the way companies of all industries and sizes sell—across all channels, geographies and devices. Apttus has received two rounds in growth capital from K1 Capital, ICONIQ Capital and salesforce.com.

**ARCO/MURRAY NATIONAL CONSTRUCTION COMPANY, INC.**  
Downers Grove, Illinois  
www.arcomurray.com  
ARCO Murray National Construction has become a leader in the design/build industry with offices in 10 major markets. As the 34th largest design/build general contractor, ARCO Murray National Construction offers the strength and presence of a national builder with the personalized attention of a small company.

**ARETÉ ASSOCIATES**  
Northridge, California  
www.arete.com  
Areté Associates is an advanced science and engineering company working on first principles physical modeling; physics-based algorithms for robust detection, tracking, and identification of weak signals in heavy clutter; sensor development; and comprehensive field experiment design, execution and evaluation.

**ASANA**  
San Francisco, California  
https://asana.com  
Asana is a team productivity tool that empowers teams to get more work done, with less effort. We are building software that enables every connected group of people to move faster, think bigger and focus their energy on the real work, instead of just the work about work. Asana’s mission is to help humanity thrive by enabling all teams to work together effortlessly.

**ATHENAHEALTH, INC.**  
Watertown, Massachusetts  
www.athenahealth.com/careers  
Athenahealth is connecting care nationwide with cloud-based services and mobile tools for medical groups and health systems. With a network of more than 59,000 providers, athenahealth is helping providers thrive through change and focus on patient care. The company was named Best in KLAS #1 Overall Software Vendor for 2013.

**ATIEVA**  
Menlo Park, California  
www.atieva.com  
Atieva is designing and creating a breakthrough electric car in the heart of Silicon Valley. We’re redefining what a car can be, by building an iconic new vehicle from the ground up. We’re a car company, not a design house. And we’re definitely not a traditional automaker.

**AURIQ SYSTEMS**  
Pasadena, California  
www.auriq.com  
Founded in 1996, AuriQ Systems is a leading provider of business intelligence solutions. Our software empowers business users by providing marketing, operational and custom analytics that provide visibility into the key performance indicators critical to the success of their business. From Big Data to complex data, we thrive on finding innovative solutions to some of the most difficult problems.
BAIN & COMPANY
Los Angeles, California
www.joinbain.com
Bain & Company is one of the world’s leading global business consulting firms, serving clients across six continents on issues of strategy, operations, technology, organization and mergers and acquisitions. It was founded in 1973 on the principle that consultants must measure their success in terms of their clients’ financial results. For more information, please visit www.bain.com.

BANK OF AMERICA MERILL LYNCH
(See Ad on Inside Front Cover)
New York, New York
http://careers.bankofamerica.com
Bank of America Merrill Lynch is looking to hire juniors for the 2016 Sales & Trading summer internship program. Each intern will rotate through several desks over the course of 10 weeks, covering different financial products and roles, working closely with a large number of different traders, sales people, quants, researchers and economists.

BLEND
San Francisco, California
www.blendlabs.com
Blend Labs is fixing the buying experience for one of the most important purchases people make—their home. Home lending is a $10 trillion vertical that hasn’t kept pace with technology, so we’re bringing banks and their customers the consumer-grade tools they deserve. Based in SF, founded by former Palantir engineers and backed by Peter Thiel, Andreessen Horowitz, and other prominent investors.

BLUEBEAM SOFTWARE, INC.
Pasadena, California
www.bluebeam.com
Bluebeam Software makes smart, simple solutions for paperless workflows. Our award-winning PDF creation, markup and editing solutions are used by the world’s top architecture, engineering and construction firms and is revolutionizing the way that they work! If you like to work hard, make a real impact and have a good time in the process, there just might be a place for you on our team.

THE BOEING COMPANY
Long Beach, California
http://boeing.com/collegecareers
Boeing is the world’s leading aerospace company and the largest manufacturer of commercial jetliners and military aircraft combined, with capabilities in rotorcraft, electronic and defense systems, missiles, satellites, launch vehicles and advanced information and communication systems.

BRACEBRIDGE CAPITAL, LLC
Boston, Massachusetts
www.bracebridgecapital.com
Bracebridge Capital, LLC is a leading Boston hedge fund managing over $9.8 billion in net assets. Approximately 95 employees operate from our office located in Boston’s Back Bay. The entrepreneurial culture and small-firm environment at Bracebridge rewards and supports motivated, collaborative and results-oriented individuals. We believe our firm’s greatest asset is the people who work here.

C1 CONSULTING
San Francisco, California
www.c1consulting.com
C1 Consulting is a boutique life sciences consulting firm committed to helping our pharmaceutical and biotechnology clients successfully launch and grow their products in a rapidly changing and challenging environment. We help our clients prioritize market opportunities, launch new brands, develop marketing strategies, and improve sales and marketing effectiveness. C1 was established in 2004.
C3 ENERGY, INC.
Redwood City, California
www.c3energy.com
C3 Energy is an enterprise application software company that harnesses the power of big data, smart grid analytics, social networking, machine learning and cloud computing to improve the safety, reliability, sustainability and efficiency of power delivery.

CITADEL INVESTMENT GROUP, LLC
Chicago, Illinois
www.citadel.com
Established in 1990, Citadel is a leading global financial institution with a diverse business platform built on a foundation of world-class talent, technology and infrastructure. From proven asset management strategies to a strong capital markets platform, Citadel converts opportunity into results. For more information, please visit www.citadel.com.

CNA
Arlington, Virginia
www.cna.org
The inspiration behind working at CNA is that we work together to build a story that makes a difference. CNA is a not-for-profit organization specializing in providing meaningful objective analyses and evaluations of government programs, policies, operations and systems to government agencies and foundations. We thrive upon producing impact driven solutions through our rigorous research.

CONVERSANT, INC.
Chicago, Illinois
www.conversantmedia.com
Every day, Conversant strives to transform the digital marketing and advertising landscape through cutting-edge technology, robust data and bold creative capabilities. If you thrive on solving problems, and are energized by Big Data, join us. We are looking for graduates to join our Media and Software Development rotations. www.conversantmedia.com/careers

Alexandria, Virginia
www.uspto.gov/careers
USPTO has been serving the economic interests of America for more than 200 years. Our over 10,000 employees are responsible for granting U.S. intellectual property rights for patents and trademarks.

UBER TECHNOLOGIES
San Francisco, California
www.uber.com
Uber is a mobile app that connects people all over the world to efficient, reliable transportation. But much more than that, Uber is a highly evolved logistics platform supported by the hard work and innovations of really bright people. Every Uber employee is an individual contributor, empowered to make a real-world impact with their work.

UL-TRANSACTION SECURITY
Atlanta, Georgia
www.ul-ts.com
UL’s Transaction Security division guides companies through the fast-changing world of electronic transactions and makes innovations such as Mobile Payments a reality and guides Merchants from Magnetic Strip to EMV. As the number of transactions grow, industry domains converge and borders fade, technology becomes more complex. This is where UL’s Transaction Security division steps in.

UNITED STATES NAVY
El Segundo, California
https://www.navy.com/about.html
The United States Navy is always looking for intelligent, and qualified students for the Nuclear Propulsion Officer Program (NUPOC). Once part of the NUPOC team, you will receive training and experience supervising the operation of a Nuclear Power Plant. Don’t settle
for a desk job! Be put in charge of cutting-edge technology, advanced systems and billions of dollars of equipment.

**UNITED STATES PEACE CORPS**  
Pasadena, California  
www.peacecorps.gov  
Peace Corps volunteers live, learn and work with a community in one of more than 65 countries overseas. The Peace Corps is a 27-month commitment during which volunteers provide technical assistance in six program areas: education, agriculture, environment, health, youth and community development, business and information and communications technology. Life is calling. How far will you go?

**VATIC LABS**  
San Francisco, California  
www.vaticlabs.com  
Vatic Labs was built by scientists, engineers and traders, working in collaboration to solve complex problems that will define the future of algorithmic trading. Through the application of statistical methods and cutting-edge technology, our team is transforming novel trading ideas into strategies that boost market efficiency and provide sustainable liquidity for all market participants.

**VENTURE FOR AMERICA**  
New York, New York  
www.ventureforamerica.org  
VFA is a fellowship program for recent grads who want to learn how to build a business while making an impact. Fellows get training and spend two years in the trenches of a startup, learning on the job and becoming part of our close-knit network.

**VERIZON**  
Basking Ridge, New Jersey  
www.verizon.com/careers  
Innovation is in our DNA at Verizon. Whether we’re collaborating with the biggest names in business, coming up with ingenious new ways for people and communities to connect or creating ground breaking solutions for government, our focus is on transforming the world around us. We harness the power of technology to take on some of the world’s toughest challenges, to reinvent the here and now.

**VERRIX, LLC**  
Pasadena, California  
www.verrixbio.com  
Verrix is a high-technology bio-engineering startup that provides a breakthrough measurement capability for rapid sterility assurance across a broad range of applications. Verrix is a spin-off from NASA’s Jet Propulsion Laboratory and California Institute of Technology, and is a member of the Southern California Biomedical Council.

**VERSEON**  
Fremont, California  
www.verseon.com  
Verseon has created a proprietary drug discovery platform that is the first systematic, computationally driven solution to achieve the molecular modeling accuracy necessary for rapid and cost-effective drug discovery. Looking for candidates with strong computational and modeling strengths and additional candidates with chemistry and biology expertise.

**WESTERN ASSET MANAGEMENT COMPANY**  
Pasadena, California  
www.westernasset.com  
Western Asset believes in long-term, fundamental, value-oriented investing. The firm’s objective is to provide fixed-income clients with diversified portfolios that are tightly controlled and managed for the long term. By combining traditional analysis with innovative technology, Western Asset seeks to add value by exploiting these inefficiencies across eligible sectors.

**WHATSAPP, INC.**  
Mountain View, California  
www.whatsapp.com  
WhatsApp, a Facebook company, is working on building a better SMS alternative. Because we know we can. Because someday in the very near future everybody will have a Smartphone.
WISH
San Francisco, California
www.wish.com
Wish was launched in November 2011 and already has over 100 million registered users, making it one of the top 5 mobile applications in both the Android Shopping and iPhone Lifestyle categories. Wish improves online merchandise discovery by helping users find the products they love, share these products with friends, score great prices and unlock exclusive rewards.

XENON HEALTH
(See Ad on Page 19)
Los Angeles, California
www.xenonhealth.com
Xenon Health is a rapidly growing healthcare management company that focuses on anesthesia delivery nationwide. Currently, we’re working on custom cloud-based software for inventory tracking and medical billing and digital marketing initiatives. This opportunity is great for students interested in the practical application of computer science and business management.

ZAZZLE INC.
Redwood City, California
www.zazzle.com
At Zazzle, our technologies enable us to offer the highest quality custom products in the world. Based in Redwood City, California, Zazzle aims to redefine commerce, powered by the world’s imagination. We’re tackling some of the hardest technical challenges around to enable individuals, professional artists and major brands including Disney and Marvel to create and offer unique products.

ZESTFINANCE
Los Angeles, California
http://zestfinance.com
ZestFinance, Inc. applies its unique credit-decisioning technology—based on data science and machine learning—to help lenders effectively predict credit risk so they can provide lower cost credit to people. And, the company uses its technology to provide loans to consumers.

Think Big

Our technology and biotech clients have something in common – big ideas. With the largest intellectual property department of any full service firm, we’re well equipped to protect, and maximize the value of, their ideas.

We’re after aspiring Java.NET Developers & Analysts

4 more info come visit us at the career fair Sapientglobalmarkets.com/careers
The SUN Runs My Oven

Save the planet without leaving the house.

Going solar at home helps reduce pollution and carbon emissions in your city and around the world. And it’s easier and more affordable to do than ever before—that’s why every four minutes another American household or business goes solar. Find out how you can be next.

worldwildlife.org/solar
Amgen strives to serve patients by transforming the promise of science and biotechnology into therapies that have the power to restore health or even save lives. In everything we do, we aim to fulfill our mission to serve patients. And every step of the way, we are guided by the values that define us: Be Science-Based, Compete Intensely and Win, Create Value for Patients, Staff and Stockholders, Be Ethical, Trust and Respect Each Other, Ensure Quality, Work in Teams, Collaborate, Communicate and Be Accountable.

The Amgen Postdoctoral Program is committed to providing future scientists with an enriching environment to inspire innovation that will contribute to the development of human therapeutics. We are currently expanding our program and have opportunities in our South San Francisco, CA, Cambridge, MA, and Thousand Oaks, CA, offices. Assignment length is anticipated to be 2-3 years.

CURRENT OPPORTUNITIES INCLUDE:

- Comparative Biology and Safety Sciences (South San Francisco, CA, reporting to Yudong He)
- Computational Biology and Molecular Science (Cambridge, MA, reporting to Yi-Hsiang Hsu)
- Hybrid Modality Engineering (Thousand Oaks, CA, reporting to Les Miranda)
- Inflammation (Thousand Oaks, CA, reporting to Warren D'Souza)
- Inflammation Research (Thousand Oaks, CA, reporting to Jonathan Phillips)
- Metabolic Disorders Research (South San Francisco, CA, reporting to Mingyue Zhou)
- Metabolic Disorders (South San Francisco, CA, reporting to Vishnu Chintalgattu)
- Metabolic Disorders (South San Francisco, CA, reporting to Yang Li)
- Molecular Engineering (South San Francisco, CA, reporting to Zhulun Wang)
- Neuroscience (Cambridge, MA, reporting to Stefan McDonough)
- Pharmacokinetics & Drug Metabolism (South San Francisco, CA, reporting to Dan Rock)
- Process Development (TBD)

For consideration, apply via careers.amgen.com/en/job-search and search Career Category “Postdoctoral.”
